# MAPLE TRAIL

1930

VOLUME III  
PUBLISHED BY  
THE SOPHOMORE CLASS  
CAMPBELLVILLE  
COLLEGE  
CAMPBELLVILLE, KENTUCKY

# Dedication

With deep appreciation  
for the high accomplish-  
ments of our Alma Mater  
the Sophomore Class  
dedicates the Maple Trail  
of 1930 to the Ideals of  
Campbellsville College.

## Foreword

Far distant as it may seem, the day must come to each of us when Reality will be superseded by memory. For that time we have tried to catch for you a bit of the spirit of Campbellsville College, to portray to you a year of happy school life, to build for you a book of memories.

# Alma Mater

*Alma Mater! Let your spirit  
And the melody linger long  
That you have written on our hearts  
And wrought into a lovely song.  
Of the ideals you have taught us  
Carefully preserve the picture,  
Lest forgotten be the lesson  
Down the long isle of the future.*

*And these scenes preserve for us—  
This happy hill—this pleasing shade,  
Where arm in arm upon the green  
Of campus lawn our feet have strayed  
Then gladly sought the halls again  
A newer pleasure there to find . . . . .  
O when at last we take our leave  
With many a ling'ring look behind,*

*Grant our part in Life's swift season  
Shall be fashioned on the pattern  
Of your spirit, Alma Mater.  
To our pathway be a lantern  
That shall guide our every action  
In a lofty way and true,  
And our pathway make as pleasant  
As the path that leads to you.*

1930

MR. WARREN F. JONES  
*President*  
CAMPBELLSVILLE COLLEGE

Mr. Jones has been president of Campbellsville College for four years, and due to his loyalty and deep love for the school, and due to his sympathetic understanding of each student, he commands the love and admiration of the class of 1930—a love that has grown and strengthened each year we have known him.

# THE CLASSES

1930

## The Alumni of Campbellsville College

### THE CLASS OF 1925

Elizabeth Lyon is teaching in Louisville.

### THE CLASS OF 1926

Thelma Allen is at home at Elkhorn.

Will Ed Burton is teaching at Corbin.

Katherine Duncan, now Mrs. Jewell Raney is living in Louisville.

Walker Durham is at home in Campbellsville.

Matilda Sanders\*

Owen Purcell is in business in Campbellsville.

Hazel Settles is teaching at Millersburg.

Jessie Wilson is in business in Cincinnati.

Cephas Wade is teaching in Russell County.

### THE CLASS OF 1927

Robert Borders is in business in Georgetown.

Pauline Burdette is teaching in Lebanon.

James Campbell is a student in Georgetown College.

Cleo Coomes is at work in Louisville.

Nell Douglas Edwards, now Mrs. Raymond Shoftstall, is living in St. Louis, Mo.

Mary Frances Hackley, now Mrs. R. L. Robertson, is living in Mt. Sinai, N. Y.

Mary Lois Harding is teaching in St. Helens, Ky.

Frances Lyon is at home in Campbellsville.

Martha Lyon is in business in Louisville.

William Lyon is in business in Pennsylvania.

Joe Wilson is a student in the University of Louisville.

Cosette Judd is a student in Georgetown College. No not.

### THE CLASS OF 1928

Cosby Bradshaw is at home near Campbellsville.

Edith Ford is at her home in Louisville.

Owen Jeffries is a student in the University of Louisville.

Zelma Leitch is teaching in High Splint, Ky.

Marshall Marcum is a student in the University of Louisville.

Welby Nance is attending school in Bowling Green.

Minnie Lee Prewitt is at home in Berea.

Marie Rose is teaching in Nelson County.

Mrs. S. A. Taylor is principal of the school at Mansville.

Harbert Walker is teaching in Edmonton.

### THE CLASS OF 1929

Frances Bertram is in school in Morehead.

Elizabeth Bland is at home near Bengal.

Ortie Bradshaw is a student in Georgetown College.

Margaret Buchanan is a student in Georgetown College.

Mildred Burress is attending school in Bowling Green.

Irene Caulk is a student in Georgetown College.

Boyd Cole is a student in Georgetown College.

Rebecca Gaunt, now Mrs. Wm. Mitchell, is living in Richmond.

Ruth Hackley is at her home in Campbellsville.

Buford Knifley is in business in Campbellsville.

Edna Miller is at home in Campbellsville.

Earl Rexroat is at home in Jamestown.

Frances Sanders is at home in Campbellsville.

Elizabeth Shively is at home in Campbellsville.

Clara Taylor is at her home in Adair County.

## MAPLE TRAIL

RICHARD A. SANDERS

Dick has the business head of the class. He can make a dollar go as far as the next one. He gets money from us for school activities that we did not intend to give, but his smile is so winning we can't resist him. President of Student Body '29-'30; President of Class '29.

MARY PRUETT

Mary's voice reminds one of the music of laughing waters, and the song of joyous birds, so there is music wherever she goes.

President of her class; Associate Editor of THE MAPLE TRAIL.

JOHN EDWARD DICKEY

If to be witty one must be wise, Edward must be as wise as Solomon. He knows, too, how to apply this wisdom to his studies, for he stands high in his classes. We can depend upon Dickey.

Business Manager of THE MAPLE TRAIL '29-'30; Reporter for THE COLLEGE PILOT; Member of Football squad and Basketball team.

SARAH ELROD

That's Sarah, always talking, always fussing, always smiling. She makes all brighter and happier about her, and we love her.

Joke Editor of THE MAPLE TRAIL '29; Editor-in-Chief of THE MAPLE TRAIL '30; Editor of THE COLLEGE PILOT.

LEE SPROWLES

This is Spib. He numbers his friends with his acquaintances. He never allows books to interfere too seriously with other activities. Yet if all his classes were at reasonable hours he would make good. On the football field Spib is our pride and joy, and he makes himself felt on the basketball floor. Our best wishes go with him. President of Freshman Class '29; Joke Editor of THE MAPLE TRAIL '29-'30.

LUCILLE MITCHELL

A sweet girlish face, lovable and optimistic with plenty of ability—that's Lucille.

Reporter for THE COLLEGE PILOT.

## MAPLE TRAIL

RALPH GARDNER

Ralph comes to us from the mountains of our own state. He shows in his character the strength of his mountains and the purity of the streams of his native hills.

MARIE BLOYD

Marie has just come among us, but has made a place for herself in all of our hearts. She has entered heartily into our life. We only wish we had known her longer.

HUGH COLVIN

Hugh has spent his scholastic life in Campbellsville, so we feel he has imbibed his ideals of truth, loyalty, sincerity, and good sportsmanship.

BERNICE GABBERT

If love could make red hair golden Bernice's would have been a veritable fleece of gold long ago, for when was she not in love? But not even for love would we lose that beautiful auburn hair.

LUKE CREEL

Luke, as our poet, rejoices in the presence of beauty, directs our thoughts to higher and better things, makes us all better and stronger because he has lived among us. Luke has won the friendship of everyone by showing himself a true friend.

LORENA GRANT

Lorena finished everything that C. C. had to offer, yet she loves us so she stayed on with us this semester. She has made herself so helpful to all, we hate to think of doing without her.

Associate Editor of THE  
MAPLE TRAIL.

## MAPLE TRAIL

VAN RENEAU

Van has high ideals and lives up to them. He is strong in his likes and dislikes, but makes many friends.

EXIE PERKINS

Exie has come and gone so many times that we thought she was like the brook, but she says this ends her life in our college. She has ever been a true friend and we can never forget her.

JAMES BURRESS

James moves quietly among us, disturbing no one, but living his own life in his own way. We hope the future holds great things for him.

KATE MERRITT

Kate, modest and unassuming in manner, quiet but full of laughter to those who know you best, how we shall miss you.

Typist for THE COLLEGE PILOT and THE MAPLE TRAIL.

ROBERT CRABTREE

Everyone loves a lover, so we all love Bob. As he is so faithful and true to one, we know he will be true to each of us, his friends.

NAOMI WILKERSON

Who comes next? Naomi, of course, always happy, always smiling, taking life as it comes. Such is this dear girl who has won her own place in our hearts.

AUSBON KIDWELL

Ausbun is our ministerial student. He talks little of his hopes and aspirations, but we are sure that success will follow him wherever he goes, and that he will exemplify his ideals in his life.

## MAPLE TRAIL

JOHN C. RAIKES

In Raikes is embodied gentleness and courtesy. His standing with teachers and students alike proves that he is a true friend.

MAYME MILBY

Mayme, modest and shy, but faithful and dependable, a good worker, a person of much value to her friends and school.

EDGAR COLVIN

A still tongue denotes a wise head. Edgar says little, but does his part in his own quiet way. He is one that recognizes real values and does his best in the things he undertakes.

CHRISTINE GRAHAM

Christine—sweet and lovable; honest and true; a friend in sunshine and shade.

EDGAR GRAVES

Edgar comes to us from Mississippi, but you would never guess that he is not a true Kentuckian. Edgar is generally happy except at examination time.

FLOYE BENNINGFIELD

For an earnest reliable thinker and worker who is dependable, conscientious, and sure, we present you Floye. She is always awake to duty and service.

BESSIE McWHORTER

Bessie, kind gentle Bessie is she. Her kindness and gentleness are shown to all about her.

PAGE 48

1930

MADE TRAIL

# ATHLETICS

1930

## COACH L. C. HENDERSON

Coach L. C. Henderson has been with Campbellsville college for four years. In that time he has fostered a wholesome type of athletics, he has proved himself an efficient coach in football as well as other sports, and he has developed teams of which the school is justly proud. Mr. Henderson is a christian gentlemen. A man of his ability and character is hard to find.

## GATTON KIRTLEY

QUARTERBACK  
"Doodle"

As captain of the team and quarterback, Kirtley had a very important duel roll on the 1929 Panther squad. He possesses a cool head and leadership. Kirtley is a natural athlete and works hard at all times—a combination that is hard to beat. He still has one more year with us and we are looking forward to this being the greatest in his career. He is a good triple threat man now and with another years experience, should be able to fool the opponents on many occasions.

## HUGH COLVIN

ALTERNATE CAPTAIN  
"Triss Tross"

Hugh is small but as fast as lightning. He earned the title "Rabbit Colvin" from his fellow teammates, and from the opponents view point they thought him a very alert one at that. He played his best ball for the Panthers this season—developing into a good defensive man as well as offensive. The Thanksgiving game was probably the outstanding of his career in this sport. We hope he goes on to school another year and that we may hear from him some more in the football world.

## BRUCE WAYNE

"Anthony"

Bruce, better known as "Mad Anthony" completed his third successful year in football for C. C. He divided his time between tackle and guard and toward the latter part of the season was one of the best defensive tacklers in this section. He labored under the handicap of sprained ankles early in the season but grit and scrap helped him to overcome this. He is a sophomore in High school and looks forward with great hopes for his remaining years to fight for the Garnet and Gray.

## RICHARD SANDERS

"Dick"

"Dick" was one of the hardest and surest tacklers on the entire squad. Though weighing only a hundred and fifty pounds he more than made up for his lightness in speed and "scrap." He had always played guard until this season, but being moved to End he played equally as well there, if not better. We regret that this is his last year with us.

## LEE SPROWLES

*"Spibb"*

A halfback of no mean ability, one that is fast, shifty and with a good change of pace, characteristics that a good half must have. Lee had always played End until this year and when scarcity of backfield material the coach selected him as the line-man to solve the problem—this he did in a very satisfactory manner. On the receiving end of passes he was the surest that has worn the uniform for the Panthers in sometime. We regret he graduates this year.

## CLAY PARDO

*"Mud"*

A fellow of stocky build and one that can always be depended upon. He played more minutes than any other fellow on the squad. At guard he seldom missed a tackle and had endurance like a "grey hound" being just as strong at the end of the game as the beginning. Pardo has one more year with the Panthers and we predict that he will be one of the best on the team next year. This year—his first in football—should mean a good deal to him.

## RALPH GARDNER

*"Red"*

Ralph hails from Somerset, Ky. While in high school he did little in football. Since coming to Campbellsville College he has been one of the most consistent men on the squad. At tackle he always played a good game, and usually could be depended upon to smear the ball carrier over his side of the line. We regret that this is his last year in our school as he graduates in June.

## ROBERT CRABTREE

*"Crab"*

This was "Crab's" first appearance on the gridiron, and we are sorry to say it will be his last for us, as he graduates in June. Robert is a likeable fellow both on the field and off and his good nature always helps things along where ever he is. He was shifted from the line to the backfield and back to the line again, but where ever he was playing he always gave a good account of himself.

## CLIFFORD HUTCHINSON

*"Hutch"*

"Hutch" is the champion eater of the Panthers. He always led the team in this respect. At fullback he was a hard hitter offensively and equally as hard and sure on the defense when it came to breaking up passes started by the other team and his tackling was of the highest type. He suffered a broken collar bone in mid season that kept him out of several games. He was greatly missed too. Cliff has several years with us yet, and we are expecting great things from him.

## CHESTER HERREN

*"Check"*

A lad of one hundred and eighty five pounds of avoirdupois and fair speed is Chester. Though this was his first year he played a good type of football. He takes the game seriously, is a hard worker, and wants to make good, with these qualities we are bound to hear from him in the future. We predict he will be one of the best tacklers in this section another year. He is only a junior in High School, and has several years left to play. We hope he plays them all in Campbellville.

## VIRGIL ROBERTSON

*"Blondy"*

Robertson came to us from Lebanon High where he had done little in football. When Spowles was moved to the backfield it gave him his chance at end and he stepped right in and played a bang up game throughout the rest of the season with more speed and ability to catch passes he will be a much feared end by opposing halfbacks.

## VAN H. RENEAU

*"Van"*

He is just another one of those "red" or "sandy" headed fellows on the team. He has a strong build, and though this was his first year at football he played a good game. With more experience he will become a very valuable tackle. We regret this is his first and last year in football with us as he graduates in June.

## PAUL HIGGINS

*"Twin"*

Paul came to us from the mountains of Kentucky and though this was his first year in football he played a good brand of ball as halfback. He is greatly handicapped in size weighing one hundred thirty-five yet he was one of the fastest men on the squad. He has another year with us and should develop into a real player before the second season is over.

## GEORGE BALLOU

*"Sandy"*

At the beginning of the season one big problem facing the team was that of finding a good dependable center. After looking Ballou over for a few afternoons it was soon evident that this was no longer a worry. He has the fight, is an accurate passer, a sure tackler all ear-marks for a good center. We are glad that he has another year with us. He should be a power offensively and defensively next year.

PAGE 53

## The Football Season 1929

Though the season of 1929 is recorded some several weeks since in the pages of history, there are those that will want to live in the past at times, thus we endeavor to write this article.

In many respects the past season was the most successful in the history of football in Campbells-ville College. There are many things that determine success in an athletic way. Of course, in the eyes of the public, the number of games won and lost goes a long way toward a successful or bad season, but, in the eyes of the athletic profession, there are many other things to be considered; as, the spirit of the team, cooperation on the part of all, the way in which fellows condition themselves for the game, reporting to practice, and many other things we might mention. In games won and lost—we find that the Panthers were victorious in a majority of their games, and in the spirit of the other mentioned things, the fellows went good; thus we say a successful season. To the man—every one will say he has been greatly benefited by having been a member of the "fighting squad."

When the call was issued for the initial practice session, there were those that were quite anxious to get under way. Only twenty three answered the call, but of this number twenty two stuck thru the season, a fact which we believe is a record for any squad. The attitude of "Let's make this a banner year for the Garnet and Gray" was taken somewhat as a motto, and the boys set out to do that thing.

As, is frequently the case in our school, there were few lettered men around which to build a team, so naturally things were not so encouraging in that respect, but the determination on the part of the old men soon permeated the new, and business started picking up. Captain Kirtley, Colvin, Wayne, Sanders, Sprowles and Gardner were the lettered men and formed the nucleus of the team. The inexperienced ones making good at once were Ballou, Pardo, Hutchison, Herren, Robertson, Higgins and Reneau—with VanCleave, Crabtree, Big Brashear and others developing fast.

Much of the early practice had to consist of the basic fundamentals of the games, this being especially true for the best inexperienced men. In the future we hope to get a great deal of this done in spring football practice which will enable more time to be given in the developing of the system play in the early weeks of the season. It was thought that one of the best methods of learning to play the game was to play it, so a game was scheduled earlier than usual—that with Lebanon Junction in September. This proved to be somewhat of a "set up" for the Panthers, the score being 31-0 with the Coach having a chance to try out every man on the squad. The tackling of Wayne and the carrying of the ball by Kirtley and Colvin were the features of the game, with several green men showing up well. The warm afternoon and a dusty field also tested the nerves of many.

The following week—October, we went to London, Ky. to play the Strong Sue-Bennett College Team. We were outweighed more than twenty pounds to the man, but they were out fought a great deal more than that, a very unlucky break cost us the game by a 7-0 score. This came in the first five minutes of the game when a big tackle slipped thru to block a kick which resulted in the only score of the game. The Panthers escaped serious injuries and learned a great deal of the game. The following week-end the Panthers administered a decisive defeat to the St. Joseph's College Team of Bardstown. The score was in no way a test of the Caliber of the two teams. This was a costly victory as the services of full-back Hutchison were lost for several weeks, due to a broken collar bone.

On November 19, we went to Morehead Ky. to play the strong Morehead State Teachers College outfit. This being a much larger school than we are, they proved too much for us, but again much football was learned. On the return the squad stopped in Lexington as the guests of the University of Kentucky and saw the Carson-Newman night game. This game gave the boys new ambition to play in a bigger and better way. The following week the team took a much needed rest. The next two games were won from the Kentucky State School for the Deaf and Monticello, respectively. The School for the Deaf game was played in the worst sea of mud ever witnessed on the local gridiron. Several good mud athletes were discovered. The Monticello game, also, was played in mud and two inches of snow.

The biggest game of the year was with Lindsey-Wilson College on Thanksgiving Day. All concerned wanted to win this, more than any other. We were primed to do it. On the morning of the game there were three inches of snow on the field. Knowing that we were outweighed by fifteen pounds to the man, an open game attack had been planned; the snow spoiling every attempt at passing practically ruined our offense and we were beaten, but in score only.

A heavy schedule has been arranged for the 1930 Campaign. Games away from home are: Union College, in Barbourville, Ky., Tennessee Poly., at Cookeville, Tenn., Lindsey Wilson at Columbia, and Hanover College in Indiana. (Pending) Games at home are Sue Bennett College, Morehead Teachers College, and one or two others pending.

VARSITY BASKETBALL SQUADS

HIGH SCHOOL BASKETBALL SQUADS

## Basketball Season of 1929-'30

The echoes of the Thanksgiving Day football game had hardly gone until attention was turned toward basketball. The other teams throughout this section, having had several weeks of practice already, meant that we had to get into it at once to compete with these teams, anything like hold our own in the early season games.

The boys that were to compose the Panthers Varsity had all been in football and were in fair shape though there is a great difference in being in condition for football, and then suddenly changing to basketball. The High School had not had any training since spring but were eager to get in line. Both boys' squads were composed of new and inexperienced fellows, Captain Colvin being the only left over on the College team; Captain Newcomb on the high school team.

For the College Girls the team was composed of all new faces which meant it would take time to get the system working that has been used for years. In this group it was found that there were several likely candidates that had gone good in High School and it was to be hoped they would do much better in college. The places left vacant by the graduation of such players as Frances Sanders, and Becky Gaunt on the girls team and Rexroat on the boys team and the failure of Grider and others to enter school greatly hurt our possibilities. With a willingness, unexcelled on the part of all tho, the teams rounded into condition very rapidly and were off to a successful season. The boys won less than half their games but in so doing played many of the best teams in the state. Among them were Morehead Teachers College, Sue Bennett College, and Cumberland College. Those composing the squad were Colvin, Kirtley, Pardo, Ballou, Herren, Knifley, Robertson, Dickey, Crabtree, Keeton, and Higgins.

The Girls got off on the right foot by beating Lindsey Wilson College in the opening season for them and it was evident that this crowd would cause some one a great deal of trouble before the season was over. Swope and Jones played the stellar role in this game. It was not long after this that Heistand was placed on the squad then Banta, later Wells and Helton coming up from our High school team made a combination that was almost invincible. Such teams as the C. C. C. Girls of Indiana, champions of that state, the strong Kollegi-

anettes of Louisville and others falling before them. A two game series was divided with the Indiana Champions. The season's record was nine victories and two defeats, the other loss going to the Epping's Team of Louisville. Hackley, Gabbert, Harmon and Fields were the other members of the squad. With the exception of Gabbert all are Freshmen and if this group could only be kept together for another year spectators could stay in Campbellsville and see all the first class basketball they desired. These girls are all just as fine off the basketball floor as they are players on it which adds to their greatness.

The High School (rats) boys all very light, in fact the lightest team ever seen on the floor to be a school varsity team, half of them coming from the eighth grade, proved to be one of the sensation teams of this entire section. Captain Newcomb was the only two year man. The other playing their first year were: Campbell Harding, Parrott, Sarver, A. Kirtley, Cole, Thomas, Charles Colvin, Lloyd Harding and Newcomb. It was a revelation to see this bunch of youngsters playing their close guarding man-to-man defense. Time and time again these inexperienced fellows stopped much larger and more experienced men. Such teams as Columbia, Taylor County High, St. Joseph's, St. Mary's and Lindsey Wilson falling before them. The season's record was ten victories and eight defeats.

The High School girls won and lost the same number of games. Their best game was against Jamestown—our girls winning by a score of 28 to 25. This was one of the most exciting games of the year. The Jamestown team later winning the district and the regional championship. Those composing the squad were: Harding, Wood, Wilson, Smith, Wallace, Mitchell, Yankey, Duvall, and Lucy Wilson.

With four teams as we had, some forty five pupils took part in the various games. This is a good percentage of the enrollment. Many of those in basketball are the outstanding students of the school in a scholastic way, and in other extra-activities.

We would like to give each schedule with games won and lost but space will not permit. Thus the 1929-'30 season goes into the pages of history. Good luck to all.

## Leave—Taking

*Gone—these days? And must these friends be lost to me?  
 Somehow I want to stay. I cannot face  
 The painful thought, nor think that any place  
 Can yield for me such jocund company  
 As this old Campbellsville! There shall not be,  
 I think, however far my steps may trace  
 Such glad "halloos" nor yet such smiles as grace  
 Each face I meet in these her halls, for see,  
 'Tis Campbellsville. This hill—this school that I  
 Have learned to love must teach me how to part,  
 Though 'gainst the parting all my thoughts rebel.  
 Each day brings new-found joys and yet a sigh;  
 For O! I have not learned the secret art  
 That says with ease to things so dear—FAREWELL.*

## The Religious Organizations—1929-1930

The religious atmosphere of any Christian college depends to a great degree upon the personnel of the students who are enrolled in that college. This year Campbellsville College has been most fortunate in this particular. We have among us many who are earnest, consecrated Christians, willing and anxious to do their part in any religious activity of the school.

The B. S. U. has been a wide-awake organization all the year. The meetings have been held every Tuesday night at Stapp Hall, and helpful programs have been given. The Brashear Brothers by their singing have added much to the enjoyment of these meetings. The attendance has been unusually good throughout the term. Mr. Clay Pardo, as leader, has made a real leader. He is interested in the work, capable, and willing. He has been ably assisted by Miss Lorena Grant, vice-president; Miss Margaret Harmon, secretary; and Miss Velma Grider, treasurer. Mr. William Preston, a B. S. U. worker of note, spent a week in Campbellsville College this winter. He was a great help and inspiration to all.

The Y. W. A. with Miss Corinne Taylor as counselor has accomplished much good among the girls. This organization aided, by the church Y. W. A., sent a nice box to the mountain children at Christmas. The meetings though not held regularly have been well attended, and the programs have been beneficial. The officers are: Miss Eloise May, president; Miss Catherine Herren, vice-president; and Miss Allene Banta, secretary and treasurer.

There have been only a few ministerial students this year, so instead of having an association of their own they have met each month with the Taylor County Ministerial Association. As the members of this association are men of education and real experience the meetings have been a great opportunity for our young ministers.

## Modern Electric Service at Moderate Rates

Electricity is becoming increasingly helpful day by day in more and more ways, over a wider field to more and more people. This has not been brought about by governments, or politicians, or societies. It has been made possible by the initiative, courage, vision, toil and effort of the men in the industry.

This company aims to make modern electric service available at moderate rates to every home within reach of its distribution lines. It now supplies such service, either at retail or wholesale, to 300 communities and to some 3,200 rural residents—an increase of 30 per cent in the last twelve months.
